

INFRASTRUCTURE DEVELOPMENT POLICY

Purpose

- Adapting to the evolving needs of a student-centric learning system
- Facilitating research and career development demands
- Offering supportive facilities for academic and extracurricular activities
- Ensuring a safe and secure campus environment

Scope :

Stakeholders and community

List of amenities :

Our Campus: We offer a comprehensive range of facilities to support your academic and personal needs .

Learning Environment:

- Offices and Buildings : Dedicated spaces for administration, faculty, and student services.
- Classrooms, Laboratories & Research Facilities: Well-equipped environments for learning and exploration.
- ICT Infrastructure:Reliable internet connectivity (Wi-Fi and LAN), Learning Management System (LMS), smart classrooms, and facilities for e-content development.

Information Resources:

Library/Resource Facilities: A rich collection of books, journals, digital resources, and a competitive exam preparation section. Additionally, the library offers braille systems, specialized software, and automated services.

Wellness and Recreation:

Sports and Cultural facilities: Indoor and outdoor spaces for games, yoga, and hosting intra/inter-college cultural and sporting events.

Support Services:

Maintenance & Replenishment: Efficient upkeep of buildings, equipment, furniture, campus cleanliness, and ICT tools.

Additional Amenities:

Green Cover: A commitment to a sustainable environment with ample green spaces.

In-campus Provisions: Convenient access to a cooperative store, canteen

This revised version categorizes facilities logically, improves readability with subheadings, and provides a more descriptive overview of each offering.
